

Rush Plan Review Service

The Building Department is pleased to announce a new Rush Plan Review Service available for select trades. This expedited option reduces the standard review cycle from five (5) business days to three (3) business days.

Rush Service Fees (per review cycle):

- Building Review: \$65.00
- Roofing Review: \$65.00
- Electrical Review: \$65.00
- Plumbing Review: \$65.00
- Mechanical Review: \$65.00
- Structural Review: \$92.50

Important Notes:

- Rush service fees apply per review cycle.
- Individual trades cannot be selected for rush processing unless that trade is the only review required.
- Rush fees must be paid in full prior to the start of the review.
- The rush service applies **only** to the plan review process; it does not expedite application intake or final permit processing.

How to Select Rush Service:

When completing your permit application, choose “**Rush**” as the **Service Level** in the **Job Information** section.
